DETAILED ACTION

1. Claims 1-13 are pending and presented for examination.
2. Applicant's submission of references on form PTO-1449, filed 21 September 2004, has been considered. A signed copy of the form is attached.

Allowable Subject Matter

3. Claims 1-13 are allowed.
4. As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).
5. The following is an examiner's statement of reasons for allowance:

The prior arts of record do not teach or fairly suggest a method for automatically generating a process plan by performing delta volume decomposition based not only on part geometry but also using cutting tool information. The limitations of instant claims 1-13, whether taken as a whole or in combination, is not taught or rendered obvious over the prior arts.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
